I think they should attend. We just didn't give them any messaging or coordinate with comms in R8.

David,

I don't believe that they are on the agenda, but there are Farmington folks going to the meeting. If they ask a question, they will probably be asked to respond. If we don't want them to respond, I would think it would be best not to attend.

Ronnie

Since the samples were taken prior to the arrival of the water affected by the spill, the data shows no values above any benchmark.

The OSCs are Mark Hayes and Jon Rinehart attending the Region 8 Public Meeting.

What do the samples show? Which OSC are at tonight's meeting?
